Description

Summary: When trying to export personal investments to excel from a phone, button <Export to Excel> is unresponsive to touch and does not create a .xls report that can be downloaded.

Steps to reproduce:

1. Go to <https://income-frontend.code-lab.it/invest>

2. Log in

3. Navigate to the [My investments](#) page

4. Press <Export to Excel>

5. Download *my_investments.xls* report

Expected result:

Step 4: when <Export to Excel> is pressed - report is generated and offered to download

Step 5: Report can be downloaded

Actual result:

Step 4: Button does not function and no report is generated.

Step 5: Report can't be downloaded
