

[INC2-327] [API] elements that serve no purpose

Created: 19/Dec/22 Updated: 19/Dec/22

Status:	To Do		
Project:	Income Marketplace (Tribe #2)		
Components:	None		
Affects versions:	None		
Fix versions:	None		
Type:	Improvement	Priority:	Low
Reporter:	Andis Lejietis	Assignee:	Unassigned
Resolution:	Unresolved	Votes:	0
Labels:	Squad6		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original estimate:	Not Specified		
Environment:	Chromium: 108.0.5359.128 Windows 11 Pro - 22000.1219		

Description

Summary:

In the API there are elements that were removed allowing to list the loan anyway to the server:

- does not show on the page

```
"junior_share",
"interest_rate",
"list_amount",
"saldo",
"loan_score",
"loan_sequence",
"third_party_guarantee",
"guarantee_percentage",
"guarantee_amount",
"guarantee_basis_for_percentage"
```

- does show on the page

```
"purpose"
```

- ignores the values

```
"list_date"
```

- Currently, there is no documentation documenting the purpose of these elements, and if they are even necessary.
- Maybe Investors always would have to know the borrower's purpose of the loan.
- Loans with list_date set to anything older than the current date are still listed as today's date. So if the server does not allows loans to be listed with an older date, this could be removed from the documentation.

Steps to reproduce:

1. <https://income-backoffice.code-lab.it/lo-api/documentation>
2. Authorize with your API key
3. Go to POST /loans/store
4. <Try it out>
5. Add JSON:
 1. [Create a loan with only the required data](#)
6. <Execute>
7. Observe status
