Description

**Summary:** Drop-down menu for the filter list (*Example: Loan Type*) that has more selectable options than can fit in the screen and must be scrolled upwards for selection can't be accessed.

**Steps to reproduce:**

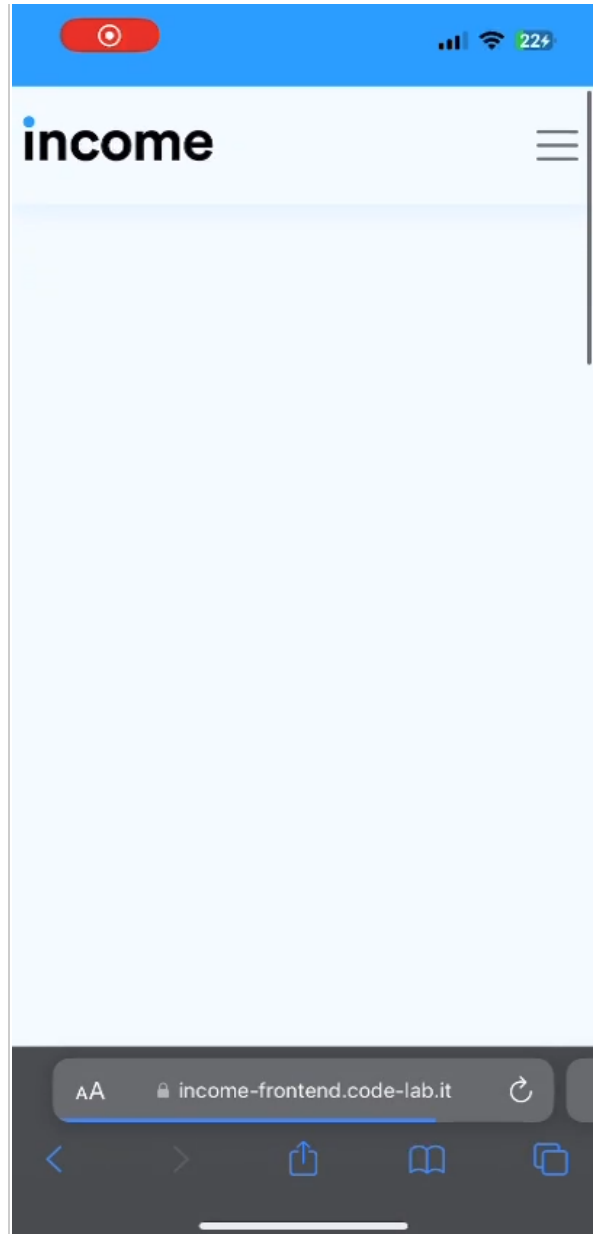

1. Go to <https://income-frontend.code-lab.it/invest>
2. Log in
3. Navigate to the Income page
4. Click on the "Filters"
5. Select the drop-down menu - Loan Type
6. Try selecting the first item

**Expected result:**

Users can easily access all items from the list that can be selected.

**Actual result:**

The user can't access top items when trying to scroll upwards on the list and releasing a touchscreen page proceeds to scroll upwards as a whole, removing access for the rest of the items.

Error time: 12:04 22.11.2022
